

MUSIC

ITS: Do you have a feel good song?

Bobby: All of my songs are feel good songs on this album. I have evolved and I am working with my nephews and children and that makes me feel good, so in turn it's real and you will feel good hearing them.

ITS: What keeps you going and excited about music and the industry itself since so much has changed since your arrival to the scene?

Bobby: I just love music and what I do. It's really that simple. Getting out there and performing for the people it's a feeling that moves me.

ITS: What are some of the things we should look forward to with the "Masterpiece"?

Bobby: The different types of music and sounds we have collaborated with.

ITS: What kind of responses are you getting for your single "Get Out The Way".

Bobby: It's getting positive feedback, we had a slowly but surely start, I performed the song a

couple of months back on the Wendy Williams show and it has been getting radio play. We are going to be doing the video real soon probably even before this story is released.

ITS: Well it's been a true pleasure I wish you continued success fortitude and blessings! Can you answer this last question for us? If you could have 3 wishes what would they be?

Bobby: I would wish for longevity, happiness, and love.
